

Foundations of Palliative Care

Foundations of Palliative Care is an online introductory course in Palliative Care by the team which has been successfully running the international Fellowship Program in Palliative Care. This is a brief version of the six month-Fellowship program which can be taken either as a stand-alone introductory course or as a *primer* before the Fellowship.

Aim:

Aim of the course is to address practical issues in organizing palliative care services, particularly in low- and middle-income countries, with a problem-solving approach. The course will cover foundations, concepts, skills in organising and managing palliative care services and application of these in local situations faced by the participant.

Organization:

Jointly by St Christopher's Hospice (United Kingdom), Institute of Palliative Medicine -WHO Collaborating Centre for Community Participation in Palliative Care and Long Term Care (India), Sanjeevan Palliative Care Program (India), and Bangabandhu Sheikh Mujib Medical University (Bangladesh)

Level:

Introductory

Target group:

Health Care professionals/ Administrators/ Program Managers interested in setting up/ expanding palliative care services.

Duration:

24 hours (18 hours on Organization of services + 6 Hours of optional clinical sessions) over four days

Foundations of Palliative Care
